Unwavering commitment to
integrity and excellence

MOORE FORENSICS: UNWAVERING COMMITMENT TO INTEGRITY AND EXCELLENCE

At Moore Forensics, we pride ourselves on delivering unparalleled service with a foundation of integrity, professionalism, and attention to detail.

Our clients and partners consistently commend our dedication to quality, seamless communication, and proactive approach. From ensuring smooth tender processes to fostering strong partnerships, we are committed to exceeding expectations and providing reliable, ethical service delivery.

Whether it's managing complex projects or offering expert guidance, Moore Forensics stands as a trusted ally in every endeavour, making your success our priority.

I had the pleasure of working with Moore Forensic Services while serving as a technical specialist for tender evaluations. They were highly efficient in organizing all the necessary arrangements for me to attend various tender meetings. Their professionalism and attention to detail made the process smooth and seamless.

BAREND DU PREEZ
PESCA Consulting

Moore Forensic Service (Pty)Ltd stands out because of their commitment with integrity and honesty in their service to clients, ensuring quality service delivery and assurance without compromise. A privilege and pleasure to work with this team.

PJ CLOETE
PJC Attorneys

It is a privilege to be associated with Moore Forensic since February 2022 . I can only testify of their professionalism , good communication and integrity. Complement to Ms Preeya Ramjee and her team for the excellent way they manage this entity.

JOHAN NEL
Alineasolar

The past few years working as a consultant for Moore has been a revelation for me. It's also been a beneficial experience for me during my retirement, meeting new friends in various fields of employment. Thanks.

MOHAMED ISMAIL
Specialist

Working with Moore Forensic Services has been a seamless and professional experience. Their attention to detail, prompt communication, and expertise have greatly contributed to the success of our projects. I highly recommend them for their reliability and quality service.

KIM PONTAC

Management Consulting

“

Originally the necessary processes were a bit confusing to my “fresh” mind, bit of an information overload. This may be a strange angle to “Stable, Complaint” personalities, but keep in mind that technical minds think in terms of “things” and it’s not natural to adopt fixed processes. For this reason, I think onboarding new people in future can benefit from a sit-down face to face explanation of how the city’s processes work and what Moore’s role in that is. However, ever since I got up to speed, I find Moore extremely organised, always pro-active and really a pleasure to work with. I’m sure our admin office agrees, always prompt and ready to assist.

It has been a pleasure working with Moore Forensic Services as a Technical Specialist. Their professionalism, clear communication, and meticulous attention to detail contributed to the project’s success. I particularly appreciated their collaborative approach, making the process smooth and efficient. I look forward to future opportunities to work together on similar initiatives.

Our company has a very good working relationship with Moore FS (MFS) and will continue to pursue future opportunities when it becomes available. We commend the professional way business is conducted between the companies. The personnel of MFS are knowledgeable, and they are passionate about their profession. We respect their core business values such as integrity, honesty, and loyalty.

“

I have consulted, as an appointed Moore industry expert, for some 2-3 years and have found the Moore team members, irrespective of portfolio within Moore, to be exceptionally gracious and efficient. Meeting reminders, post consult administration and of course importantly payment for services has always been prompt and exceptionally efficient.

RICHARD GREEN
Specialist

“

This letter confirms our appreciation for your professional manner in all our dealings with Moore Forensic Services. We have found your staff in our BSC and BEC meetings with the City of Cape Town to be extremely knowledgeable and supportive. Thank you for allowing us to be of service to you and your continued support.

ROBERT J PALMER
Head Professional Services

“

It has been a pleasure working with Moore Forensic Services (Pty) Ltd as their trusted consultants. We value the strong partnership we've built together. Their commitment to excellence and innovative approach consistently inspires us, and we are proud to be a part of their continued success. We look forward to many more years of productive collaboration and shared growth.

CLIVE T DAMONZE

“

As appointed independent security specialists to various projects involving Moore Forensic Services, we can testify that in our dealings with them, we have come to know them as nothing but an excellent team of professionals with the highest ethics, always willing to guide and assist where required.

RENFORD BRAND
Independent Security Consultancy

“

ISCAfrica is an independent security company, specializing in rendering independent, objective and holistic advice and support on the full spectrum of physical security through a three phased approach, i.e. Intelligence driven Risk Assessments, Facilitation of and adjudication of Tenders and Project Implementation Oversight.

Our unique approach, experience, knowledge and qualifications are invaluable and sought after in the security industry. Together with core values such as confidentiality, total independence and integrity, we are in the ideal position to support a vast array of clients, such as Residential Estates, Business Parks, Government Institutions, Industrial Sites, Developers, Architects, Forensic Services, Security Service Providers, Military Installations, Critical Infrastructure, Wine farms and the Hospitality industry.

These attributes found synergy with Moore Forensic Services when they requested ISCAfrica to render services to the City of Cape Town in the form of representation as security specialist on security tenders, advising on the preparation of tender documentation, specifications and compliance requirements, physical representation on tender boards and support during evaluations and handling of appeals and queries, supporting them in their already extensive and proven portfolio.

We have over the more than five years that we have been working with Moore Forensic Services, found them to be continuously rendering services of the highest standard and professionalism.

DEON J. NEL: Independent Security Consultant

I have worked with Moore Forensic Services in the capacity of a specialist consultant on multiple strategic IT-related tender submissions for the City of Cape Town.

Throughout these engagements, the Moore team demonstrated a high degree of professionalism, responsiveness, and delivery focus. Their approach was structured, practical, and well managed, with clear expectations and appropriate boundaries around scope, roles, and deliverables.

I was particularly impressed by the ethical posture of the management team. The team maintained a strong, no-nonsense approach to professional conduct, quality, and independence, which is especially important in assignments involving public sector work, governance, assurance, forensic, probity, and supply chain-related matters.

Based on my experience, Moore Forensic Services is a credible and capable professional services team with the discipline, technical depth, and stakeholder awareness required to support complex tender, assurance, governance, and public sector engagements.

LOUIS STANFORD: ServiceFlow (Pty) Ltd

I Marthinus Mulder, have been contracted to provide ADHOC specialist compliance and assurance consultation services, on behalf of Moore Forensic Services (Pty) Ltd, since March 2021.

The services have been specific in vetting their clients' Supply Chain Management, during various stages of their tendering process. The ADHOC consultation service has been specific to the following fields of interest:

- Fleet/Urban Mobility
- Engineering
- Maintenance & Repair

Over the last five years, in my observation, Moore has shown competency within a broad field of expertise. Proficient with sharing of relevant information (well-articulated), exceptional stakeholder management skills, and offering detailed, valid responses during the different engagement sessions held. As a consultant, I can further confirm best practice was always observed, and I would further continue to support and assist Moore and gladly recommend their skillset to any organization.

MARTHINUS MULDER

It is with great pleasure that we provide this referral for Moore Forensic Services, with whom we have worked closely for the past six years in assisting them on projects for their clients.

Throughout this period, they have consistently demonstrated a high level of professionalism. We can confidently attest that the personal professional standards and integrity of the company's management are clearly reflected in the conduct and performance of their entire team.

The nature of the assignments we have assisted with as subconsultant to Moore included the following:

- As specialist consultant in supply chain management projects involving due diligence and assurance services for the CoCT.
- Assisted in writing a Procurement Transparency Report for the Director Supply Chain Management, CoCT that compared market related prices / rates for commodities and services to those awarded to suppliers in the preceding financial year.
- Assisted in writing guidelines for Procurement Rules and Responsibilities for Competitive Tenders (over R50 million) including providing training for CoCT Supply Chain Management staff.
- Assisted in writing Probity Audit Guideline for Procurement of Infrastructure, Goods and Services for Open Tender Processes and Skills Transfer Training for Gauteng Provincial Government Departments and Entities.

Moore has a high regard for the needs of their clients and we have experienced first hand that they are a dedicated, hardworking and innovative team. The nature of their business requires Moore to be beyond ethical reproach, which they are, and is the reason we are continuing to do business with Moore and don't hesitate to recommend them to anyone needing their services.

KATHY ZIEHL-ROUX:
KZR Consulting Pty Ltd

We have had the opportunity to work alongside Moore CT Forensic Services in their capacity as forensic services professionals, where they consistently demonstrated a high level of professionalism, integrity, and attention to detail.

Their team approaches each assignment with a strong understanding of governance requirements, procurement compliance, and risk management principles, ensuring that processes are conducted in a fair, transparent, and accountable manner.

Moore CT Forensic Services has been effective in coordinating specialist consultants, facilitating constructive engagement among stakeholders, and managing the review process in a structured and efficient manner. Their responsiveness, clear communication, and commitment to maintaining objectivity have contributed positively to the quality and credibility of the evaluation process.

Based on our experience working with Moore CT Forensic Services, we are confident in their ability to manage complex assignments requiring multidisciplinary input. We would not hesitate to recommend Moore CT Forensic Services for similar investigative, assurance, and advisory engagements within both the public and private sectors. Should you require any further information, please do not hesitate to contact us.

MARK WINTER:
Safe Working Practice Cape Town (Pty) Ltd

Over the past almost three years, I have had the privilege of working closely with Moore Forensics, and the experience has consistently reflected a high standard of professionalism, reliability, and technical excellence.

Moore Forensics demonstrates a strong commitment to professionalism across all engagements. Their teams are well-organised, prepared, and maintain clear and respectful communication throughout engagements. They bring a structured and disciplined approach to their work, which has contributed significantly to smooth collaboration and successful outcomes.

One of the most notable strengths of Moore Forensics is their responsiveness. Whether addressing queries, adapting to evolving requirements, or resolving challenges, the team consistently responds promptly and effectively. Their ability to remain accessible and proactive has been instrumental in maintaining momentum across projects.

From a technical perspective, Moore Forensics has shown solid expertise and a deep understanding of complex environments. As an ICT Specialist working with the City of Cape Town, particularly within Bid Specification Committees (BSCs) and Bid Evaluation Committees (BECs), I have relied on their ability to provide sound technical input, interpret requirements accurately, and align solutions with organisational objectives. Their contributions have strengthened the quality and integrity of procurement processes.

In terms of project management, Moore Forensics applies strong coordination, planning, and oversight practices. Deliverables are well-managed, timelines are respected, and risks are anticipated and mitigated effectively. Their structured methodologies ensure transparency and accountability at every stage.

Additionally, Moore Forensic's collaborative approach stands out. They engage constructively with stakeholders, listen carefully to requirements, and offer practical, well-informed recommendations. This has enabled effective teamwork and ensured that deliverables are both technically sound and fit for purpose.

Overall, my experience working with Moore Forensics has consistently demonstrated a high standard of professionalism, technical competence, and collaborative delivery. Their contribution to ICT governance and project execution within municipal structures has been both reliable and impactful.

I would confidently recommend their services to any organisation seeking a trusted and competent partner.
